AS-720 Bitumen Flashing Tape

ALSEAL Bitumen Flashing Tape is a black bituminous compound consists of selfadhesive polymer modified bitumen layer coated on to a tough high density polyethylene film and covered by an aluminium foil. It is economical, cold applied instant flashing tape which is ready to use to waterproof with outstanding durability. Bitumen Flashing Tape provides excellent adhesion, improved heat resistance, tear and puncture resistance, and chemical resistance to chlorides, sulphates, alkalis and acids.

Applications:

Protection: Asphalt, brickwork, concrete, fiber cement sheet, metal and plastic materials, roofs and covering, etc.

Sealing & waterproofing: Glass & plastic windows frame, parapets, skylight structures etc .

Repair work: Metal and fiber cement sheet roofing, shingles, gutters and metal tube etc.

Available colour: Black tape

Product Code	Measurement	Carton Quantity
AS-72050	50mm x 1.5mm x 10m	36 Rolls / Carton
AS-72075	75mm x 1.5mm x 10m	24 Rolls / Carton
AS-720100	100mm x 1.5mm x 10m	18 Rolls / Carton

Features:

- ✓ Weatherproof
- ✓ Easy to apply
- ✓ Outstanding durability
